## BM6G

- BM6G load cells are available in the capacities 75kg~500kg.
- 17-4PH stainless steel construction, potted by adhesive inside, oil proof, waterproof, anti-corrosive gas and medium making it
- suitable for all kinds of environments.

   Single point with parallel beam, suitable for electronic scales, platform scales, belt scales and other electronic weighing devices.
- · Safe and anti-explosive product, can be used in atrocious environment and hazardous areas.
  • Recommended platform size: 600×600mm

## **Features**

- Capacity: 75kg~500kg
- High accuracy
- Stainless steel construction
- Low profile and easy installation
